### Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat often too much red meat and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish, the elimina-tive tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act This famous salts is made from the

asing of grapes and lemon juice, com-bined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus often ending bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia water beverage and belongs in every home, because nobody can make a mistake by having a good kidney

### COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Get that trunk or traveling bag at Lindsay's and save money.

Warning Order. In the Little River Chancery Court, River County, Arkansas. Caps, silk hose, comb and brush sets, Baby Books, Bootees, Rattles, Pins, announcement cards, etc., included in the display.

Officers who about three months.

All the flesh was gone, only the dry skeleton remaining. It was dressed in a blue shirt and blue overalls, and coarse work shoes. There were no papers indicating the identity of the man. So far as can be ascertained no one has been reported missing lately in this section, and the opinion is that the man was a stranger in these parts. Justice Ragland went out and viewed the skeleton but was unable to gather any information that would throw light upon the matter. By his order the body was buried where it was found, all except the skull, which was kept for purposes of future possible identification.
